DAILY GAZETTE.

TRUE CHARACTER OF THE RE. BELLION.

The War a Struggle of Aristocracy

There are many intelligent southern men

who perceive clearly that the ultimate tendency of African slavery is to destroy the freedom of the white population, wherever it is established. Colonel A. J. Hamilton is one of these. Mr. Lorenzo Sherwood, long domiciliated in Texas, is another. This gentleman in October last, made at Champlain, in this state, a speech in which he not only showed this to be the inevitable consequence of the institution of slavery, but cited the authority of the slaveholding politicians themselves, to show that they both saw incompatibility of slavery with a popular government, and desired to hasten the time when they could could restrict political rights to an hereditary order of TABLECUTLERY. men. Some of the proofs of this 'are' curious enough. Mr. Sherwood quoted Mr.

Butter Knives, Children's Knives and Forks, Nut Picks,
Also a large assortment of Spratt, the noted South Carolina secessionist, in the following passage:

He assumed that there was no man in the South who deserved the name of KEROSENE LAMPS, LANTERNS statesman who would pretend that secession was caused by any aggression of the OROCE TO REST North upon the rights of the South that | Looking Glasses, Table Glassware, &c. it was still the result of any act of oppression on the part of the United States SARDINES, government -that, the reason was because of the difference in the non slaveholding states, from the very fact; that every man was a freeman, the North was naturally democratic'- every man being a freeman, the result was that the laboring class in the non-slaveholding states had the power of government, and it required but little argument to prove, when that was the case, government, instead of being in the head, was in the heals of society. Mr. Spratt further assumed that 'no greater truth was ever uttered than that uttered by Mr. Seward, when he said, 'there was an irrepressible conflict between the two systems of society."

On the 3d of May, 1861, Mr. R. H. Garnett, of Virginia, wrote a letter to William H. Prescott, of South Carolina, which was captured not long ago among other papers on Barnwell's Island by General Hunter. In it he mys:

"I must acknowledge, my dear sir, that I look to the future with almost as much apthe term' democrat. Democracy, in its their orders. original philosophical sense, is, indeed, in UPHOLSTERING, and original philosophical sense, is, indeed, in. compatible with slavery and the whole system of southern society." Mr. Sherwood quotes from a speech made

in the Vicksburg secession convention of

1959 : 1 While our population has advanced, there has been no proportionate advancement in the number of slaves. The widening West has made demand of slaves upon the older states—the older states having give us a call, as we will give them our personal attenbeen compelled to yield to such, exactions. hireling labor came the form and spirit of ell's grocery, Januarille, Wis.

R. BRAND democracy. It made its way across the border-it overspread the states of Deleware and Maryland-it extended in the states of Kentucky, Missouri and Virginia -it entered into southern cities-it glided into schools and pulpits-it crept about the halls of legislation; and so it is, that we are not alone in the contest with the North, which bears the banners of democracy, but

with the democracy itself within the states. the cities and the institutions of the South. The speaker assumed that, if this democracy could not be got rid of, separation from the North would merely adjourn the contest'-that, 'as this southern democracy grapples slavery in its homes, and on its hearth stones, slavery was like the Thracian horse that bore its rider from the field, and that, escaping enemies abroad, it would be W forced to wage a still more deadly contest

with its enemies at home." Here is another testimony of the same "In an essay written by J. Ouitman Moore, of Mississippi, and published in the Charleston Mercury, and republished in De'Bow's Review in 1861, the author, in revilment of the democratic principle says: Those pestilent and pernicions dogmas

Those pestilent and pernicious dogmas
— the greatest number— the majority
shall rule"—are, in their practical application, the frightful source of disorders never
to be quieted—philosophies the most false, and passions the most wild, destructive and ungovernable. In America, says this auungovernable. In America, says this augovernment and society, the republican experiment has been prolonged beyond recorded precedent; but painful as the reflection must be to all such as subscribed to the Utopian philosophy and have an abiding faith in the capacity of man for enlightened self rule, it must be confessed that the experiment of the democratic republic of America has failed.' The author concludes that the institution of an hereditary senate and executive is the political form best suited

to the genius and most expressive of the ideas of the South:" Mr. Sherwwood proceeds to argue strong ly against conciliation as one gross delusion, to point out the necessity of exterminating slavery as the only 'safeguard' to the liberty of the whites, to show that we cannot, with any safety to the free states, allow a separation of the Union, and to dwell upon the importance of resolution and united effort in the cause in which we T II

are engaged. The speech is an excellent tract for the times and we are glad to hear that it is to be republished in a cheap form and widely distributed.—Spirit of the Times.

THE firm of Hemming & Thomas having been dia solved, the subscriber will continue the business at the stand of the old firm, and will endeaver to TMIS satisfaction which the Richardson Drill gave in 1862 has induced me to Make Double the Number for 1863. The principle of the Drill is all that was at first laimed for it. The experience of 1882 enables me to

> Adapted to the Peculiarities of this Soil. which is very difficult to till. More than three hundred of these drills were used in this vicinity last spring, and it is universally conceded that the Richardson Drill is

PERFECTLY ACCURATE

in the quantity of Seel Sown per Acre, and that it is easily adjusted to any quantity desired. It is also conceded that the Richardson Drill is the Lightest Braft and the Easiest for the Team

of any Drill yet introduced.

The drills of 1868 are readily changeable from double to single rank. The points are longer, sharper and beavier than those of 1862, which render them better adopted to the hard and crusty soil of early fail plowing. Notwithstanding the

Large Advance on Material we have concluded to offer our drills at the BAME PRICE

as in 1802, which is as follows: 9 tooth, \$70; 10 tooth, \$75; 11 tooth, \$80; 12 tooth, \$55; 13 tooth, \$99.

To those who know the Rienardson Delli it is needless to say anything. Of those who do not know them, we would ask an examination, and rofer to any one who has used them. FLORENCE SEWING MACHINE.

OVER THE POST OFFICE.

THERE is nething so much sought for by the public as a practical Sewing Machine, one that is Simple, Strong & Reliable. One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both eldes of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY, Who take pleasure in placing their Machines sefore the public, and unbestitatingly say they are the best in the world, and openly and publicly challenge machines of any and all unanulatures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES, and have all the advantage of a reversible feed motion, which carries the work slither way, which together with making all the four stitches, can be done whilst the machine is in motion: the saving of time in stoping to change the length of stitch, is obviated by this machine machine
Any correspondence regarding our Machines will be promptly answered. Enclese a Letter Stamp and we will sand circular and sample of work by return mail.

TRUE CHARACTER OF THE RE-BELLION. The War a Struggle of Aristocracy against Democracy.

There are many intelligent southern men who perceive clearly that the ultimate ten-dency of African slavery is to destroy the freedom of the white population wherever it is established. Colonel A. J. Hamilton is one of these. Mr. Lorenzo Sherwood,

long domiciliated in Texas, is another. This gentleman, in October last, made at Champlain, in this state, a speech in which he not only showed this to be the inevitable consequence of the institution of slavery, but cited the authority of the slaveholding politicians themselves, to show that they both saw incompatibility of slavery with a popular government, and desired to hasten the time when they could could restrict political rights to an hereditary order of men. Some of the proofs of this are cu-zious enough. Mr. Sherwood quoted Mr. Spratt, the noted South Carolina secession.

ist, in the following passage:
"He assumed that there was no man in the South who deserved the name of statesman who would pretend that secession was caused by any aggression of the North upon the rights of the South—that Looking-blasses, Table Glassware, &c. North upon the rights of the South.

'it was still the result of any act of oppression on the part of the United States | SARDINES, LOBSTERS, CLAMS, PLOI government'-that, 'the reason was because of the difference in the non slaveholding states, from the very fact that every man was a freeman, the North was naturally democratic'- every man being a freeman the result was that the laboring class in the non-slaveholding states had the power of government, and it required but little argu ment to prove, when that was the case, government, instead of being in the head, was in the heels of society.' Mr. Spratt further assumed that 'no greater truth was ever uttered than that uttered by Mr. Seward, when he said, there was an irrepressible conflict between the two systems of suciety."

On the 3d of May, 1861, Mr. R. H. Gar and any distance apart, from two to five feet, and two or three rows at once. captured not long ago among other papers on Barnwell's Island by General Runter.

In it he says:

"I must acknowledge, my dear sir, that I look to the future with almost as much applicable to the future with a fu prehension as hope. You well object to the term democrat. Democracy, in its original philosophical sense, is, indeed, incompatible with slavery and the whole sys-tem of southern society." Mr. Sherwood quotes from a speech made

in the Vicksburg secession convention of

1859:While our population has advanced, there has been no proportionate advance-ment in the number of slaves. The widen-ing West has made demand of slaves upon the older states—the older states having been compelled to yield to such exactions. With every transportation there was hireling labor ready to supply its place: with bireling labor came the form and spirit of democracy. It made its way across the border—it overspread the states of Dele-ware and Maryland—it extended in the states of Kentucky, Missouri and Virginia according to the amount of wool required to make them

Wool Carding and Cloth Dressing

—it entered into southern cities—it glided into schools and pulpits—it crept about the halls of legislation; and so it is, that we are not alone in the contest with the North. which bears the banners of democracy, but with the democracy itself within the states, as our conveniences are botter calculated to do it well.

Our price for cleaneding is one cent per pound. It is very essentian to have wool in good condition otherwase it injures the card and produces poor rolls. Our price of the search and produces poor rolls. Our carding machine is the best that could be obtained, and cannot fail to make good work. We would invite all who wish to see good machinery or want good cloth, to give us a call. Also, would say to merchante who wish to obtain our olst, that it would be for their in terest to buy wool and get it manufactured, and by so doing, get, good article that they can recommend to their cut more.

A good supplies of the cities and the institutions of the South.

forced to wage a still more deadly contest with its enemies at home." Here is another testimony of the same

"In an essay written by J. Quitman Moore, of Mississippi, and published in the Charleston Mercury, and republished in De'Bow's Review in 1861, the author, in revilment of the democratic principle says:

'Those pestilent and pernicious dogmas - the greatest number - the majority shall rule"—are, in their practical applica-tion, the frightful source of disorders never to be quieted—philosophies the most false, and passions the most wild, destructive and ungovernable. In America, says this author, by reason of the operation of causes wholly extraneous to the considerations of government and society, the republican experiment has been prolonged beyond recorded precedent; but painful as the reflection must be to all such as subscribed to the Utopian philosophy and have an abiding faith in the capacity of man for enlightened self rule, it must be confessed that the experiment of the democratic republic of America has failed.' The author concludes that the institution of an hereditary senate and executive is the political form best suited to the genius and most expressive of the ideas of the South."

Mr. Sherwwood proceeds to argue strong-ly against conciliation as one gross delusion, to point out the necessity of exterminating slavery as the only safeguard to the liberty of the whites, to show that we cannot, with any safety to the free states. allow a separation of the Union, and to dwell upon the importance of resolution and united effort in the cause in which we are engaged. The speech is an excellent tract for the

times and we are glad to hear that it is to be republished in a cheap form and widely distributed .- Spirit of the Times. ANOTHER GREAT ARRIVAL

Your committee were not aware at that time, that any of those certificates canceled and charged back to the city, included street taxes inbut on investigation they find that the amount of street taxes in said certificates amounts to the sum of \$3,970,79 Your committee would further -say, a that suits had been brought against the county on a portion of these certificates, and judgements obtained to the amount of \$13,349,-

47. Frage ing gill and the big His capitate 136 Your committee would further " report :' That they are informed that the common council of the city of Janesville did refuse to authorize the collection of this amount of taxes charged back, and alleged as one reason that the city had obtained a law for the reassessment and collection of the taxes for the years 1854 to 1857, inclusive, and that the tax was in process of collection undersaid law. Your committee would say in connection with this, that at the No: venber session of the county hoard in 1861 the question of these illegal taxes was disoussed, and the members of said board from the city of Janesville, stated that if the board would delay the matter until an "act" could be passed authorizing the reassessment and collection of these taxes, they would be collected and paid over to and the balance to pay over to the county the county. For this reason the matter was delayed. But the members from the eity did not question the right of the county, to charge them back to said city, but simply asked that it should not be done until they could collect the inpney upon the property which had escaped taxation. Therefore considering the relation.exist-

ing between the county and the city, and the course of their former transactions with regard to delinquent taxes, it seemed to be. The steamer was not injured. the proper course to charge them to the city, especially as it had the power under the reassessment law to collect the money to meet the amount. And notwithstanding by the terms of that law, holders of certificates of sale were entitled to receive the money on them, on their presentation at the city treasurer's office, still that course did not seem to be the course for the county to take under the circumstances.

And your committee would further say that when the county board at the last November session proposed to meet a commitlee from the common council to adjust this would be charged to said city to be limited | conscription law. ated by the reassessed taxes as fast as paidin, but not to be certified to the clerk of the city, so as to be put into the general tax and the committee failing to come to an understanding, the amount was charged back and allowed to take the same course which illegal taxes had formerly taken.

Your committee would further report that the balance of lilegal tax certificates canceled and charged back to the city of Janeaville at the November session of this board, after deducting the street taxes contained therein, and all other items that may properly be set off against the same, is about reased by certificates which have been reassessment and collection of the illegal taxes for the years aforesaid, and are now are informed that the collection of said permitted to serve. taxes has in some instances : been resisted. and that the question of the validity of said law is now before the supreme court of this state, and about to be decided upon ; that it is of no consequence to the county whetlier the city pays the amount of these illegal taxes out of its treasury, and retainsthe amount collected on the reassessment, or the county take the reassessed taxes to apply on the same, providing the amount due the county is paid.

acres, such land to be occupied as a homestead by the receiver and his family." Another section authorizes voluntary and listment of free blacks between the ages of eighteen and thirty-five, on the same pay as white volunteers. The aggregato rolled under the act not to exceed 300,000. A bill will shortly be introduced in the house empowering the president, secretary, of war and surgeon general to establish homes for indigent and disabled soldiers at

some central locality.

Washington, Feb. 9 The house was the scene of unusual in erest to day, as the vote came off on the linois and Michigan Canal bill. .. All votes on amendments to the bill were very favor-able, and it was thought that its final paseage by a small majority would be secured ; but so many changed against it that it was lost by ten majority while a motion to reconsider and day con wher table sprevailed, thus preventing the consideration of the bill again this session, unless by two thirds vote. - Its friends were very sanguine of its success, and attribute its defeat to the joint personal oposition of Thad: Stevens and allandigham, who frequently consulted each other during its progress. After the bill had been defeated, Mr. Washburne moved that, as the house had murdered the northwest, "it adjourn to attend its funeral." The following western representatives voted against the bill : Bingham, Blair, Blake, Clements, Cutler, Dunn, Edgerton, Grider, Harding, Harrison, Holman, Law, Mallory, Morris, Noble, Norton, Pendleton, Porter, Shellabarger, Trimble, Vallandigham: Wadsworth, White of Ohio, Wickliffe, Wor-

FORT DONELSON, Feb y 5, 1862. One of the bloodiest fights of its size on record has just been fought at this place. The forces here, consisting of the 83d Illi nois, five hundred strong, and a few of the 5th Iowa cavairy-in all about six hundred men-were attacked on the 3d by Forrest and Wheeler, with from 4,500 to 5,000 menand eleven pieces of artillery. The fight lasted from 3 to 8 p. m., the rebels being repulsed at all points. At eight o'clock in the evening a gunboat arrived from below, and vigorously shelled the retreating rebels. Two hundred dead butternuts, including one colonel and several other officers, as a result, testifies to the effectiveness of our Springfield rifles, and the coolness and bravery of our Illinois boys. Two hundred more were wounded. Our loss is less than twenty killed and forty wounded.

Forrest acknowledges to have been worse whipped than ever before during the war, and to have lost more men than in all his other engagements. Oct. McNary, of the 4th (?) Alabama was left dead on the field. Three rebel captains are wounded and in our hands here. How many wounded they removed we do not know. Citizens in the We have many prisoners. We had a few mon taken, including two officers of the 5th Iowa cavalry. Flood's battery lost one gun, and nearly all its horses. Capt. Philo E. Quartermaster Bissell was killed. He was a noble his duty. Lt. Sykes, of company I, is badly wounded in the face. Lt. Moore, of the battery, lost a leg. Capt. Sections 11 and 12 provide for the presidence of this board to employ any and all legal assist. destroy the whole force.

The committee on illegal taxes, in purnance of a resolution of this board, adopted on the 16th day of January last, requisaid board a statement giving their reasons for recommending to said board to charge back to the city of Janesville the illegal taxes for the years from 1854 to 1857, inclusive, and whether the common council of the said city have refused to authorize the collection of said amount of illegal taxes so charged back, and if so, their reas sons for such refusal; and also how a certain "dite bill," held by the city against the county, came into their possession; and that they recommend a plan for the settlement of the matters of difference between the county and said city, do respectfully report :---That, after a careful examination of the

books and papers in the office of the clerk. of this board, and the treasurer's office of said county, they find that it has been the practice of the county treasurer, on the returns of the several treasurers of the towns and cities in said county, being made to his office of the delinquent tax of said towns and cities, as by law they are recities credit on the county tax due from such towns and cities the amount of delinquent tax returned from each, and if the county tax, to give to said fown or city a due bill" for such excess; that by sec. 61, chap. 18 of the revised statutes, it is to pay to the county treasurer, the amount of the state tax in full, then to ratain the amount levied for town or city purposes, and the balance to pay, over to the county tressurer on the county tax; hence all deficiencies in the amount raised for all purposes come out of the county tax, all de linquent taxes being received, and in payment of the county tax. In pursuance of this practice, and the statute cited, the treasurer of the city of Janesville returned delinquent taxes for the year 1854 the sum of \$4,116.25; that the amount of county tax due from said city was the sum of \$3,6:19.10, being an excess of the returned tax over the county tax of the sum of \$467.15, which sum the said county treasurer paid to said city treasurer in money at the time said return was made; that the return of the treasurer of the city for delinquent taxes for the year 1855 was not sufficient to pay the county tax into the sum of \$1,258.40, which sum was paid by said city treasurer with county orders held by said treasurer; that for the year 1856 the amount of delinquent tax returns by

said city freasurer was the sum of \$12,130 22. This amount exceeded the county tax due from the city of Janesville, and a "duebill" was given by the county treasurer to permanent president of that body, and then taken up on the 12th day of January, 1859, by said county treasurer with city orders of the city of Janesville, as appears by the reto preside over that body, show conclusive. ceipt of Ira Justin, jr., treasurer of the city of Janesville, on file in the county treasurer a office.

That the returns of the city treasurer for the year 1857, of delinquent taxes for that year was the sum \$22,406.88; that this amount exceeds the county tax due from said city, and a "due bill" was given for such excess to the city by the county tressof intriguing by the cabinet in military urer for the sum of \$18,096.95. This is the matters, and hence the further an army is "due bill" now held by the city, upon from Washington the greater the probabili which was endersed, January 12th, 1869, \$1375.61, paid in city orders of the city of Janesville. Also was endorsed, February 4th, 1860, \$6821.56, paid in street certificates. Also same date, \$1335.29, paid in

city orders. Also andorsed, December 31st, 1860, \$2263.05, paid in street certificates and returned taxes, leaving a balance unpaid on said "due bill" of \$6300.44. That since the return of the treasurer of said city, for the year 1857, the returns of deinquent taxes of said city have never exseeded the county tax, and the balance of the county tax, after deducting the amount of delinquent taxes returned, has been paid in money (or its equivalent) and the account balances each year. That the return of delinquent taxes for the years of 1854 to 1857 inclusive embraces delinquent state, county, school, city and street taxes, and of these several taxes against each piece of property, were refurned in gross, without specifying the amount of each tax, and the land sold for said gross sum. The certificates issued upon such sales comprise the principal part of those canceled and charged back to the city of Janesville, at the November assion of this board. That the reasons which governed the committee in recommending that the amount of these certificates should be canceled and charged back to the city of Janesville, were-let. That the supreme court of this state had decided that all the taxes in said city for the years 1854, 1855, 1856 and 1857, which

were based upon the assessment of those the re-assessment law in good faith, then years, were void, on account of their being levied in accordance with the charter of vicinity say wagon loads were taken away. said city in force at that time, which provided that agricultural lands within the city cent for city purposes than platted lands, that not being a uniform rule of taxation as required by the constitution of this state. 2d. As the county treasurer had given the city credit for all the delinquent taxes returned by its treasurer to his office, and the same being held void by the courts, the committee thought that upon the principle man, and died as such always die-doing of justice the city should receive back the same which they had once been paid for. Furthermore tine committee find, that it has been the practice of the county board since the organization of the county, to cancel and charge back the illegal taxes returned from the towns and cities respect. ively, and such illegal taxes have always

Report of the Committee on Illegal puted until the last session of this board. 3d. The committee acted in their rec. commendation under the advice of the dis-

trict attorney and in accordance therewith. ring said committee to make and submit to to the taxes which were declared void by the supreme court. There were included in the returns for the yerss above stated, some street taxes, which were not levied on the assessment and do not come under the decision of the supreme court. These may be valid, but the certificate of sale, if they embrace these with other taxes, are void.

Your committee were not aware at that time, that any of those certificates canceled and charged back to the city, included street taxes; but on investigation they find that the amount of street taxes in said certificates amounts to the sum of \$3,970,79. Your committee would further say, that suits had been brought against the county on a portion of these certificates, and judgements obtained to the amount of \$13,349,

47. Menegati entitra de Transiere Your committee would further " report : That they are informed that the common council of the city of Janesville did refuse to authorize the collection of this amount of taxes charged back, and alleged as one reason that the city had obtained a law for the re-assessment and collection of the taxes for the years 1854-to 1957 inclusive, and that the tax was in process of collection undersaid law. Your committee would say in connection with this, that at the No. venber session of the county board in 1861 the question of these illegal taxes was disoussed, and the members of said board from the city of Janesville, stated that if the board would delay the matter until an "act" could be passed authorizing the reassessment and collection of these taxes, they would be collected and paid over to the county. For this reason the matter was delayed. But the members from the city did not question the right of the county, to charge them back to said city, but simply asked that it should not be done until they could collect the money upon the

property which had escaped taxation. Therefore considering the relation existing between the county and the city, and the course of their former transactions with regard to delinquent taxes, it seemed to be. the proper course to charge them to the city, especially as it had the power under the reassessment law to collect the money to meet the amount. And notwithstanding by the terms of that law, holders of certificates of sale were entitled to receive the money on them, on their presentation at the city treasurer's office, still that course did not seem to be the course for the coun-

ty to take under the circumstances. And your committee would further say, that when the county board at the last November session proposed to meet a committee from the common council to adjust this matter, it was expected that an arrangement would be made so that the amount would be charged to said "city to be liquidated by the reassessed taxes as fast as paidin, but not to be certified to the clerk of the and the committee failing to come to an understanding, the amount was charged back and allowed to take the same course

which illegal taxes had formerly taken. Your committee are therefore of the opinion that this whole matter might have been fairly and amicably adjusted, upon equitable terms, without injury to either the city or the county, had the city acted in good faith, and been desirous of settling the same upon the principles of or, if he be dead, the mother shall elect

fairness and justice. board, after deducting the street taxes conand are still being presented at this office for reassessment and collection of the illegal taxes for the years aforesaid, and are now are informed that the collection of said permitted to serve. taxes has in some instances been resisted, and that the question of the validity of said law is now before the supreme court of this state, and about to be decided upon; that it is of no consequence to the county whether the city pays the amount of these illegal taxes out of its treasury, and retainsthe amount collected on the reassessment, or the county take the reassessed taxes to apply on the same, providing the amount due the county is paid.

You committee would therefore recommend under all the circumstances, that the county treasurer receive the taxes collected on the re-assessment upon the certificates in the said illegal taxes, and if the city manifest a disposition to carry out the object of this board give them time to do so; but in case they should not manifest suce disposition that the district attorney be instructed to take such legal proceedings as may be limits should be taxed at a less rate per in his judgement proper and necessary in the premises.

New York, Feb. 9. At Fort Clinch, Florida, a letter of the 31st states that a fight took place on the St. Mary's river, at Scrubby Bluff, between some rebel cavalry and twenty five compa-nies of colored South Carolina volunteers The rebels attempted to take the steamer John Adams, by boarding, but the negro soldiers beat them off bravely. The captain of the John Adams was shot, but his murderer was shot immediately by a negro sergeant. Our loss was two killed and six wounded. Wa took seven prisoners. The steamer was not injured.

WASHINGTON, Feb. 9. Special to Chicago Tribune.—Senator Wilson reported from the committee on military affairs, to day, one of the most important bills ever considered in congress. After setting forth, in a preamble, the obects of war and the necessity of a miltary force to attain them, it enacts that every able bodied male citizen of the United States, between eighteen and forty-five. shall constitute a part of the national forces, and shall be liable to perform military service when called on by the Presi

A long list follows of the classes of persons exempt from this requirement, inclu ding, in addition to ordinary exempts, those who are the sole support of infirm, aged, or helpless, only brother of young orphan children, and like cases, as under the French conscription law.

Section 2 exempts the following persons: Such as are physically, morally or mentally unfit for service; such as are necessary for city, so as to be put into the general tax the protection and support of aged and inthen about to be raised. But the board form parents, orphaus or helpless children, and such unfortunate persons as are not provided for by the public; provided that, in each case, the circumstances of each party claiming exemption be such that h cannot render an equivalent for personal service; also, first, the vice president of the United States, the judges of the various courts of the United States, and the heads of the various departments; second, the only son of aged or infirm parents dependent upon him for support; third, there are two or more sons of aged and infirm parents subject to draft, the father. which son shall be exempt; fourth, the onbrether of children not twelve years old, having neither father nor mother; fifth, the a countermand of General Burnaide's or the balance of illegal tax certificates can father of motherless children under twelve, celed and charged back to the city of dependent on him; sixth, where there are Janesville at the November session of this father and sons in the self-same family and household, and two sons are in the military service as non-commissioned officers, musitained therein, and all other items that may cians or privates, the residue of such fami-properly he set off against the same, is about by and household, not exceeding two, shall two anmoof \$22,000, which sum will be increased by certificates which have been or more children, no one of whom is over the age of fourteen, owning or occupying a farm not exceeding fifty acres, upon-which cancellation. That the said city have prot he is dependent for support and maintecured the passage of a law authorizing the nance of himself and family; and no person but such as are herein, exempted shall be exempt; provided that no person who has been convicted of any crime punishacollecting the same. Section 3 enacts that the national forces not now in military service shall be divided into two classes, the first of which shall comprise all persons subject to military duty between 18 and 30 years, and all unmarried persons subject to military duty above. the age of 30 and under 45; the second class shall comprise all other persons sub-ject to do military duty, and they shall not in any district be called into service intil those of the first class shall have been

Section 4 provides that, for the greater convenience in eurolling, organizing, etc., the United States shall be divided into military districts; the District of Columbia. shall constitute one; each territory shall constitute one or more, as the President shall direct; and each congressional dispossession of the county in liquidation of triet fixed by law shall constitute one; provided that, in states which have not, by their laws, been divided into two or more congressional districts, the President shall divide the same into as many enrollment districts as may be convenient. A provost marshai, with the rank of captain, shall be appointed for each of these districts, who is to be subject to the orders of a provost marshal general, appointed by the Presi-dent, whose office shall be in Washington,

with the rank of colonel. Section 6 provides that the provont marshal general shall make all rules and regulations, subject to the secretary of war's approval, and perform other duties which the president may prescribe, in carrying out orders. Alledeseriers from any force and spies may be arrested by the provost marshals.

Section 7 erects a board of enrollment, to be composed of the provest marshal as president, and two others to be appointed y the president, one of whom must be a

licensed surgeon.
Sections 8, 9 and 10 provide for sub-disfricts, to be made by this board, and the appointment before the 10th of March next, and in each alternate year thereafter, of air enrolling officer for each district, who is to enroll all persons subject to duty before the years or during the war, and, when drafted claims of the county against said city as in into service, shall be upon the same looting

and the enrolling board shall make a draft

of the required number.

The remaining sections, from 12 to 17 inclusive, provide for a bounty of 350 and the re-enlishment of present soldiers; the acceptance of substitutes from any drafted men, and the latter's consequent exemption; the imposing of severe penalties for desertion; the consolidation of regiments when reduced; making rules for court martial, &c.

A NEGRO CONSCRIPTION BILL. Another important bill, introduced by Sumner to-day provides for the enrollment of able-bodied blacks between eighteen and forty-five who have been freed by set of congress or proclamation of the president,

by the commanding of the department within which they shall be found. They are to be organized, armed, equip ned and mustered into the service for the war, their pay to be seven dollars per month, half to be paid at the end of each month and half at the end of the sterm of service Privates are also to be entitled on their discharge to ten acres of confiscated land, and commissioned officers to twenty-five acres, such land to be occupied as a home stead by the receiver and his family.

Another section authorizes voluntary an listment of free blacks between the ages of eighteen and thirty-five, on the same pay as white volunteers. The aggregate enrolled under the act not to exceed 300,000. A hill will shortly be introduced in the house empowering the president, secretary. of war and surgeon general to establish homes for indigent and disabled soldiers as some central locality.

WASHINGTON, Feb. 9

The house was the scene of unusual in terest to day, as the vote came, off on the Illinois and Michigan Canal bill. All votes on amendments to the bill were very favor. able, and it was thought that its final passage by a small majority would be secured; but so many changed against it that it was lost by ten majority, while a motion to reconsider and lay son ther table prevailed thus preventing the consideration of the bill again this session, unless by two thirds vote. Its friends were very sanguire of its success, and attribute its defeat to the joint personal oposition of Thad. Stevens and Vallandigham, who frequently consulted each other during its progress. After the bill had been defeated, Mr. Washburne moved that, as the house had murdered the northwest, it adjourn to attend its funeral. The following western representatives voted or say the result of the late engagement against the bill Bingham, Blair, Blake, was less substantial than supposed. No lements, Cutler, Dunn, Edgerton, Harding, Harrison, Holman, Law, Mallory. Morris, Noble, Norton, Pendleton, Por ter, Shellabarger, Trimble, Vallandigham, Wadsworth, White of Ohio, Wickliffe, Wor cester, Yeatman. The western men paired and not voting were: Allen of Ohio, Cox, Fonke, Gurley, Horton, Hutchins, Nugen,

Price, Robinson, White, of Indiana. The friends of the Illinois and Michigan Canal, however, do not despair. Mr. Araold, of Chicago, bas already secured power from the committee on roads and canala to report again their canal bill without the New York and Erie amendment, and will embrace the earliest opportunity to bring it in. It must be admitted, however, that the prospects are exceedingly bad at this stage of the session, and with to day's decisive action of the house for the success of such a measure, they think they can get the votes of some Pennsylvanians for it who opposed it when connected with the New York and Erie canal, through rivalry of local interests.

FRANKFORT, Feb. 9. HEADQUARTERS GRAND RESERVE DIVISION, SPATFORD COURT HOUSE, Val., Feb. 8; On Friday morning last about 8 o'clock, the picket post consisting of 16 men under Lieut, English, of the 11th Pennsylvania cavalry, at Wiggin's Mills, some four miles from Spafford Court House, was attacked by a force of 35 rebels, 20 of whom were mounted. They willed two of our men, wounded Lieut. English and took tell prisoners and captured fifteen of our horses. Lieut. English and four men made their escape under cover of the darkness. NEW YORK, Feb. 11.

A few days before the steamer North Star sailed from Key West, a communica-tion was received by Rear Admiral Bailey, from our consul general in Havana, which he stated that he had just received a telegraphic despatch from the U.S. consulat Trinidad de Cuba, saying that an Eng-glish brig had arrived from Kingston, Jamaica, with information that the Alabama reached that port on the 20th, and landed the remaining officers and crew of the U. S. steamer Halterss, sunk off Galvestonover 100 in number. It was further reported that the Alabama had suffered severely in the fight with the Hatteras: that she had five shots in her hull, one of which, through her stern-post, was a very bad one She put into Kingston to repair damages and expected to be neady for sea in a few days. Immediately upon this news being received in Havana, the U.S. steamers Wachusett and Oneida sailed direct for Kingston, Santiago de Cuba, and the R. R. Cuyler, then on the south side of Cuba, was ordered at once to the same port." The Tioga and Sonora were also steering in the

same direction...
The Tribune's despatch says, one of the new izon clad gunboats is on shipboard enroute to San Francisco where it will be used as a harbor defense. The navy der partment will immediately order the construction of two gunboats to receive the engines captured aboard the Princess Royal.

To Major Gen. Curtis: The dash on Batesville has accomplished all that was intended. An express is just received from Col. Waring, commanding my cavalry division. He drove Marma-duke's forces dut of Batesville on the night of the 4th inst., killing and wounding many, and capturing some prisoners, among them Col. Adams.

Waring says Capt. Rosa, 4th Missouri cavalry, made the charge into Batesville most gallantly. Such of the enemy as could not crowd

into the ferry boats awam the river.

Marmaduke's entire force is on the other

side, and the pickets were exchanging shot on the morning of the 5th init.

Waring has remounted his men from the country. Of course, as the expedition was only intended as a reconnectance and a foray, it has its full instructions to return J. W. DAVIDSON. Brig. Gen. Commanding.

The Union Lecture:

A lecture will be delivered at Lappin's Hall, on Saturday evening next, by Mr. MONTGOMERY, late editor of the Vicksburg Whig. He is a true Union man, and can give a faithful account of the state of things in the South. His lecture at Freeport gave very general satisfaction; and loyal men there speak in the highest terms of him .-He was born in Louisiana, has always lived in the South and sobered to the cause of the Union, at the risk of his life. Only three mocths ago he escaped from death. having been sentenced to be hung for his fidelity to the old flag. Such a man's experiences must be valuable and of thrilling interest. We hope he may have a full house on Saturday evening.

By request, Rev. E. J. Goodspeed deliver a lecture on "The Bible and Shak speare," on Eriday evening of this week. The proceeds of the lecture will be appropriated to making some improvements in the Baptist Church.

This lecture has been delivered in three different places and well received. Where it was first delivered Mr. G. has been requested to repeat it. Admittance: Lady and gentleman, 25 cents. By order of Committee.

THE OLD FOLKS' CONCERT. We think that the lovers of good music have a great treat in store next Tuesday evening. Our singers are preparing themselves to give interest the best concert that has ever been held in this city. The occasion, and the character of the music, will be such as to afford the greatest interest to the entertainment. The proceeds are to be devoted to our

sick and wounded soldiers.

The music will recall the noble men and deeds of those times "which tried men's Lightest Draft and the Easiest for the Team souls." The novelty of the ancient cos of any drill made. These drills will be on exhibition at the tome will be an attractive feature of the concert. Our home concerts have always been well attended, and let not this be an exception.

Our No. 3 machines are especially adapted to all kinds of light and heavy

in Carriage Trimming, Boot and Shoe Making, Her ness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the larg est sized dashes. There is scarcely any part of a Trimmer's titching that cannot be better done with them than by hand; so, too, the saving of time and labor isvery great. The table under these machines is 14 luches long, and the shuttle will hold six times the usual quantity of thread. The large machines were as feet quantity of thread. The large machines work as fast as small ones. We would ask for our Letter A machines, the special attention of Vest hiskers and Dress Makers, and all those who want machines for Light Manufacturing pur-poses. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as calebrated for Yamily Sewing ed lands being situated in the county of Rock and state of Wisconsin. We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid sway in secret places, where it would be impossible to have at their cummand the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate THE 14th DAT of APRIL, 1563, the following described merigaged premises, to wit: all that certain rice, parcel or tract of land situate. ness, and having extensive manufacturing establishments, that good machines can be made at moderate prices.
